

# ONIKS

SISTEMI VODIL ZA ZAVESE

# ONIKS IN MURTRA GROUP 1892

Smo ponosni dobavitelj vodil in dodatkov Murtra. Vodilnega proizvajalca sistemov vodil v Evropi s dolgoletno tradicijo.

Da bi našli izvor podjetja, se moramo vrniti v leto 1892, ko je mladenič po imenu Ramón Murtra v Granollersu ustanovil majhno tekstilno podjetje z nekaj ročnimi statvami. S podporo svoje družine je na začetku 20. stoletja ustanovil podjetje, ki je utrdilo njegovo dejavnost kot proizvajalec industrijskih trakov in hitro postalo vodilno v sektorju.

Murtra si je že od samega začetka prizadevala razviti boljše načine delovanja, iskati popolnost in jo uveljaviti kot vzor, po katerem se je lotiti novih izzivov. Dejstvo, preverjeno skozi vse svoje izdelke, razvite od leta 1892 do danes. Inovacije, ki se nanašajo na procese in izdelke, so motor, ki je vodil tekstilno proizvodnjo skozi njeno zgodovino, vendar se je uspel razviti v smeri razvoja novih izdelkov in trgov. Murtra vztrajno išče nove linije, nove poslovne priložnosti in izboljševanje svojih procesov.

Murtra je več kot le podjetje z dolgoletno tradicijo v tekstilnem sektorju in proizvodnji industrijskih trakov. Skozi več kot stoletje je pet generacij poslovnežev znalo delovati kot motor in hkrati kot vodnik pri načrtovanju velikih napredkov, zaradi katerih se je postavil kot merilo v tekstilnem sektorju. na svetovni ravni.

*To pinpoint the origins of the company we have to go back to 1892, when a young man called Ramón Murtra founded a small textile business in Granollers with a few hand-operated looms. With the support of his family, he helped the business take off at the beginning of the 20th century, consolidating its activity as a manufacturer of industrial tape and rapidly becoming the leader in the sector.*

*Right from the outset, Murtra has sought to develop better ways of doing things, striving for perfection and establishing it as the model to follow and the basis for undertaking new challenges. This can be seen through all products it has developed since 1892 until the present. Innovation applied to processes and products is the driving force that, throughout its history, has guided a textile-based production which has, however, successfully evolved towards the development of new products and markets. Murtra continues to seek new lines, new business opportunities and improvements in its processes.*

*Murtra is more than just a company with a long tradition in the textile sector and in the manufacture of industrial tapes. For more than a century, five generations of entrepreneurs have successfully acted as the drivers of the business and, at the same time, as guides when it comes to identifying the major advances that have helped it position itself as a benchmark in the global textile sector.*

*Murtra Group združuje štiri velike poslovne divizije, specializirane za razvoj, proizvodnjo in prodajo izdelkov na področju tekstilnega sektorja.*

*Murtra Group comprises four major business divisions specializing in product development, production and marketing in the textile sector.*

## INDUSTRIAL DIVISION

**Preja** *Yarn*

**Tkanine** *Webbing*

**Zanke** *Slings*

**Verige** *Chain*

**Šivanje po meri** *Tailor-making*

## DECORATION DIVISION

**Dodatki za zavese** *Curtain Accessories*

**Standard Zavese** *Standard Curtains*

**Zavese izdelane po naročilu** *Made-To-Measure Curtains*

**Dekoracija Oken** *Window Decoration*

## NON-WOVEN DIVISION

**Ne-Tkana Tkanina** *Non-Woven Fabric*

## LAB DIVISION

**Novi Projecti** *New Projects*

# ODDELEK DEKORACIJE *DECORATION DIVISION*

Oddelek za dekoracijo skupine Murtra je specializiran za ponudbo rešitev za dekoracijo oken. Oblikovanje, razvoj, proizvodnja in trženje celotnega nabora dodatkov za okensko dekoracijo. Od tehničnih izdelkov do tekstilnih dekorativnih izdelkov; Dodatki, letve, palice, zavese, senčila in dodatki, tako standardni kot po meri. Namenjen zadovoljevanju vsakršne potrebe.

Na kratko, "One window, One solution".

The Decoration Division of the Murtra Group specializes in offering solutions for window decoration. Design, Development, Production and Marketing of a full range of window decoration accessories. From technical products to textile decorative products; Accessories, rails, rods, curtains, blinds and accessories, both standard and made-to-measure. Intended to satisfy any need.

In short, "One window, One solution".

## Varnost otrok *Child safety*

Vsi naši dodatki so v skladu s predpisi o varnosti otrok. Vključujejo vse potrebne komponente za prilagoditev zaves varnemu okolju..

*All our accessories comply with the child safety regulations. They include all the necessary devices to adapt curtains to a safe environment.*

Evropska komisija je posodobila predpise o varnosti otrok za notranje zavese v EN13120, skupaj z dvema novima standardoma: EN16433 o preskusnih metodah, povezanih z zaščito pred davljenjem, in EN16434, ki podrobno opisuje zahteve za varnostne naprave.

*The European Commission has updated child safety regulations for interior curtains in EN13120, together with two new standards: EN16433 on testing methods associated to protection against strangling and EN16434 which details the requisites for safety devices.*

na koncu vsakega sistema so vključene različne komponente, ki so potrebne za skladnost s temi novimi standardi.

*Industrias Murtra S.A. has included at the end of each system the different components required to comply with these new standards.*

Potrjeno s strani neodvisnega laboratorija.

*Certificated by an independent laboratory.*

# Smart living

Popolna zbirka motoriziranih sistemov za vse sektorje, ki so namenjeni dekoraciji oken. Zagotavljanje več udobja in priložnosti za varčevanje z energijo sta naša glavna cilja.

*A complete collection of motorized systems for all sectors involved in window decoration. Providing more comfort and energy saving are our main aims.*

Za dodatne informacije se prosim posvetujte z našim osebjem.  
*For further information please consult our staff.*

## + Najboljša inovacija v sistemih Z MAGNETNIMI PRIPOMOČKI

*THE BEST INNOVATION IN SYSTEMS WITH MAGNETIC ACCESSORIES.*

### MAGNETNI POGONSKI SISTEM BREAKAWAY MAGNETIC BREAKAWAY SYSTEM

Integrirano ohišje verižne vrvice BA.  
*Integrated BA chain house.*

Skladen s predpisi UNE EN-13120 o varnosti otrok.  
*UNE EN-13120 child safety standard compliant.*

Ponovna nastavitvev BA. Zelo enostaven sistem zahvaljujoč samopozicijski spojki.  
*BA re-setting. Very easy system thanks to self-positioning coupling.*

Integriran ježek v ohišju verige..  
*Hook tape integrated in chain house cap.*

Univerzalna montaža. Strop, Stena in Stena-Stena.  
*Universal application. Ceiling, wall and wall to wall.*

BA brez vidnih vijakov. Verižni obroč se enostavno zamenja. BA with no visible screws. Chain ring easily replaced.

Sistem certificiran s strani neodvisnega laboratorija.  
*System certified by an independent laboratory.*

Ohišje verižne vrvice 1:1. 3,5 Kg / Ohišje verižne vrvice 1:4. 7,5 Kg. Chain house 1:1. 3.5 Kg / chain house 1:4. 7.5 Kg

### MAGNETNI NOSILEC MAGNETIC SUPPORT

Močan magnet pomaga, da vodilo ostane pritrjeno na strop in steno.  
*The powerful magnet helps to keep the rail attached to the ceiling and wall.*

Zaveso do 4 m lahko vgradi ena oseba. Curtains of up to 4 m can be installed by a single operator.

Izboljšana funkcionalnost pri sestavljanju in demontaži mehanizma.  
*Improved functionality when assembling and dismantling the mechanism.*

Več kot 1 cm samocentriranja za izravnavo toleranc vgradnje.  
*More than 1 cm self-centring to offset installation tolerances.*

### VODILO PROFILE

Polodprt vodilo omogoča enostavno rokovanje s sistemom. Half-open profile allowing easy handling of the system.

Vse komponente so integrirane v vodilo brez vidnih vijakov. All components are integrated in the profile with no visible screws.

Notranje komponente s prozornim enotnim zaključkom. Internal components with clear unified finish.

Robusten visokokakovostno vodilo.  
*Robust high-quality profile.*

Teža 413 gr/ml. / Aluminija 6063 T5. / Dimenzije 36 x 38 mm.  
*Weight 413 gr/ml. / Aluminium alloy 6063 T5. / Dimensions 36 x 38 mm.*

Pritrdilni trak s kavli (ježek) poravnan z obliko profila.  
*Hook tape aligned with profile shape.*

### ZAKLJUČNI STOŽEC VRVI CORD DROP CONE

VRVICA je enostavna za namestitev in zamenjavo.. Cord easy to install and replace.

UPGRADE

Vgrajen obroč za lažje odstranjevanje in zamenjavo blaga (pranje). Incorporation of ring to facilitate fabric removal and replacement (washing).

Sistem poravnanih sponk za lažjo pritrditev vrvice. Aligned clip system to facilitate cord attachment.

Enostavna pritrditev stožca za spuščanje vrvice na profil.  
*Easy attachment of cord drop cone to the profile.*

Stožčasti konusni zaključek vrvice za gladko in učinkovito delovanje sistem  
*Conical-shaped cord cone for smooth and efficient operation of the system.*

Spust vrvice do 3,4 metrov.  
*Cord drop up to 3.4 metres.*

### NOSILCI SUPPORTS

Nosilec z sponko / Univerzalni nosilec / Stropni nosilec / Stenski nosilec 8,5-13,5 cm.  
*Clip support / Universal support / Clamp support / Wall support 8.5-13.5 cm.*

Nosilec z sponko z jezičkom za lažjo ročno namestitev in odstranitev mehanizma.  
*Clip mount with tab for easy manual installation and removal of mechanism.*

### MOTORNİ POGONI MOTORIZED SYSTEM

Dobavljivi motorni pogoni za sistem rimskih zaves AT500 v katalogu Motornih vodil. Za dodatne informacije se obrnite na naše osebje.

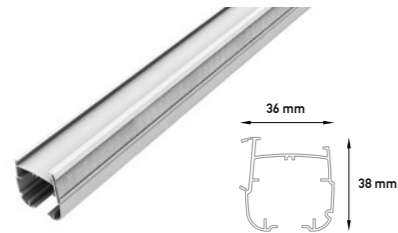

*Available motorizations for roman blind system AT500 in Motorized tracks catalogue. For further information please consult our staff.*

# AT622 + FUNKCIONALNOST ENOSTAVNA MONTAŽA INOVACIJA

FUNCTIONALITY, EASY INSTALLATION, INNOVATION

NOVI PROFESIONALNI SISTEM VODIL ZA ZAVESE AT622 JE NAMENJEN ZA SREDNJE TEŽKJE ZAVESE. NJEGOVA VELIKA PREDNOST JE ENOSTAVNA IN VARNA VGRADNJA.

THE NEW AT622 PROFESSIONAL SYSTEM IS DESIGNED FOR THE MOVEMENT OF MEDIUM - HEAVY DRAPED CURTAINS CHARACTERIZED BY A SAFE AND EASY INSTALLATION PROCEDURE.

## + Profesionalni sistem vodil za zavese Z INOVATIVNIMI DETAJLI IN DODATKI.

THE PROFESSIONAL CURTAIN SYSTEM WITH INNOVATIVE DETAILS AND ACCESSORIES.

### INOVATIVEN SISTEM KONČNIKOV – ŠKRIPCEV

#### INNOVATIVE GUIDE SET

Komplet inovativnih končnikov - škripcev z možnostjo dodajanja ali odstranjevanja drsnikov, ne da bi morali sistem kadarkoli razstaviti.

Innovative pulley system with the possibility of adding or removing gliders, without having to dismount the system at any time.

Inovativen sistem pritrditve škripcev, ki omogoča neposreden dostop do profila.

Innovative pulley attachment system allowing direct access to the profile.

Škripci za kovinsko strukturo, vključno s podporami za pritrditev od stene do stene, ki jih je med fazo namestitve enostavno odstraniti.

Metal structure pulleys including supports for wall-to-wall attachment that are easily dismounted during the installation phase.

Komplet končnikov - škripcev je zasnovan s kompletom spuščenege kolesa in krmiljenjem vrvice, ki sta popolnoma poravnana, kar omogoča gladko gibanje brez motenj.

The pulley set is designed with a drop wheel kit and cord control perfectly aligned allowing smooth movement free of interference.

### VARNOSTNI STANDARD

#### SAFETY STANDARD

Skladen s standardom UNE EN-13120 o varnosti otrok. Complies with standard UNE EN-13120 on child safety.

Patentirano / Patented

### NOV KOMPAKTEN SISTEM

#### COMPACT SYSTEM

Visoko kakovostne zmogljivosti z vodilom majhne velikosti (356 g/ml).

High quality performances with a profile of small size section (356 g/ml).

Pravilno gibanje vrvi brez motenj ali trenja.

Correct movement of the cords without interference or friction.

Popolna in enostavna krivulja. A perfect and easy curve.

Novi stropni in stenski nosilci, ki vključujejo odmikač z majhnimi dimenzijami, za izboljšanje delovanja fiksiranja in povečanje pritrditve in odpornosti na bočne sile.

New ceiling and wall supports, incorporating a cam with small dimensions, to improve the fixation operation and increase anchorage and resistance to lateral forces.

### ENOSTAVNA NAMESTITEV

#### EASY INSTALLATION

Širok izbor dodatne opreme za različne možnosti namestitve.

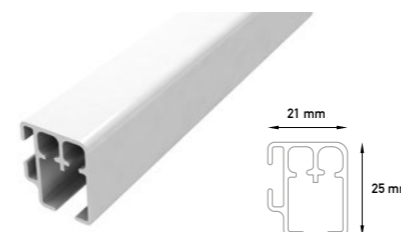

Wide range of accessories to cover different installation possibilities.

Drsniki ter drsna in valjčna prečna vodila z jekleno osjo za instalacije, ki zahtevajo veliko odpornost. Gliders and sliding and roller cross runners with steel axle for installations that require great resistance.

NOVO DEKORATIVNO VODILO REV. PRIVLAČNOST IN FUNKCIONALNOST. DVE OSEBNOSTI, RAVNE IN ZAOKROŽENE ČRTE, V ENEM PROFILU Z ODLIČNIMI TEHNIČNIMI LASTNOSTMI.

*THE NEW REV DECORATIVE HEADRAIL BALANCES ATTRACTIVENESS AND FUNCTIONALITY. TWO PERSONALITIES, STRAIGHT LINES AND ROUNDED LINES. IN A SINGLE PROFILE WITH EXCELLENT TECHNICAL FEATURES.*

○ OKROGLO / ROUND

□ KVADRATNO / SQUARE

ČISTE,  
PRIVLAČNE  
OBLIKE,  
OMOGOČAJO,  
DA SE SISTEM  
ZLIJE Z  
OKOLICO

CLEAN, ATTRACTIVE SHAPES  
TO ALLOW THE SYSTEM TO FIT  
INTO ITS SURROUNDINGS

Kompaktni škripci, ki se prilegajo videzu vodila.

Compact pulleys that fit in with the appearance of the profile.

Vso okovje in vrvice se ujema z izbranim zaključkom.  
All the fittings and cords match the chosen finish.

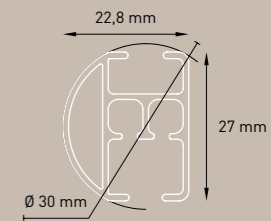

Na voljo v 3 zaključkih.

Available in 3 finishes

Bela mat. Matt white

Črna mat. Matt black

Srebrna mat. Matt silver

## VODILO. PROFILE

**Reverzibilno vodilo z ravnimi ali ukrivljenimi linijami, kot sami izberete.** Reversible profile with straight lines or curved lines, as required.

**Visokokakovostne lastnosti v kompaktnem vodilu (356 g/m).** High-quality features in a compact profile (356 g/m).

**Ukrivljivo-vodilo**  
Bendable profile

**Standardni koti 90° v obe smeri.**  
Standard 90° angles in both directions.

## INOVATIVNI SET ŠKRIPECEV. INNOVATIVE SET OF PULLEYS

**Inovativen komplet škripcev z možnostjo dodajanja ali odstranjevanja drsnikov brez potrebe po razstavljanju sistema kadarkoli.**

Innovative set of pulleys with the option of adding or removing runners with no need to dismantle the system at any time.

**Kovinska konstrukcija, ki jo je mogoče pritrčiti neposredno na strop (za lažje zavese in kratke dolžine).**

Metal structure that can be fixed directly to the ceiling (for light weights and short lengths).

**Neodvisni, dvosmerni škripci, ki omogočajo različne načine postavitve izdelka (sinhroniziran, zamenljiv položaj padca).**

Independent, two-way pulleys allowing different ways of setting up the product (synchronized, interchangeable drop position).

**Možnost prekritja škripcev.**

Possibility of covering up the pulleys.

## CILINDRIČNI NOSILCI. CYLINDRICAL SUPPORTS

**Ekscentrični cilindrični nosilci za zaobljene in kvadratne oblike (na voljo tri višine).** Eccentric cylindrical supports to go with rounded and square shapes (three heights available).

**Različni stropni nosilci, ki jih je enostavno prilagoditi in namestiti.**  
Different easy to adjust and install ceiling supports.

## SINHRONIZIRAN POGON. SYNCHRONIZED DRIVE

**Hibridni sistem, zasnovan za sredinsko zapiranje, ročno krmiljen z obeh koncev.**  
Hybrid system designed for centre closing, controlled manually from either end.

EN 13120

## SPECIFIKACIJE VODIL TRACK SPECIFICATIONS

**Teža: 356 gramov na meter.**  
Weight: 356 grams per meter.

**Ekstrudiran aluminij**  
Extruded aluminium.

**Razpoložljive barve: mat bela / mat črna / mat srebrna.**  
Colours available: Matt white / Matt black / Matt silver.

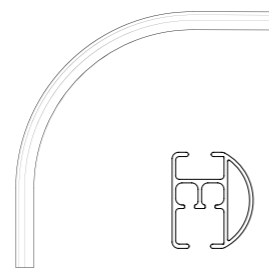

**Velikost vodila: 5,8 metrov.**  
Profile size: 5,8 meters.

**Kakovost vodila: Mat lakiran in mat eloksiran.** Profile quality: Matt lacquered and matt anodized.

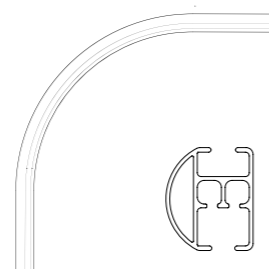

**Uporaba: Domači in pogodbeni trgi.**  
Use: Domestic and contract markets.

**Uporaba: Ročna, vrvna in sinhronizirana.**  
Application: Manual, cord and synchronized.

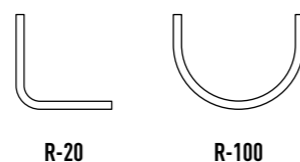

**Ukrivljivo vodilo R-20 & R-100**

# Smart living

Popolna zbirka motoriziranih sistemov za vse sektorje, ki so namenjeni dekoraciji oken. Zagotavljanje več udobja in priložnosti za varčevanje z energijo sta naša glavna cilja.

*A complete collection of motorized systems for all sectors involved in window decoration. Providing more comfort and energy saving are our main aims.*

Za več informacij se posvetujte z osebjem.  
*For further information please consult our staff.*

# Otroška varnost Child safety

Vsi naši dodatki so v skladu s predpisi o varnosti otrok. Vključujejo vse potrebne komponente za prilagoditev zaves varnemu okolju.

*All our accessories comply with the child safety regulations. They include all the necessary devices to adapt curtains to a safe environment.*

Evropska komisija je posodobila predpise o varnosti otrok za notranje zavese v EN13120, skupaj z dvema novima standardoma: EN16433 o preskusnih metodah, povezanih z zaščito pred davljenjem, in EN16434, ki podrobno opisuje zahteve za varnostne naprave.

*The European Commission has updated child safety regulations for interior curtains in EN13120, together with two new standards: EN16433 on testing methods associated to protection against strangling and EN16434 which details the requisites for safety devices.*

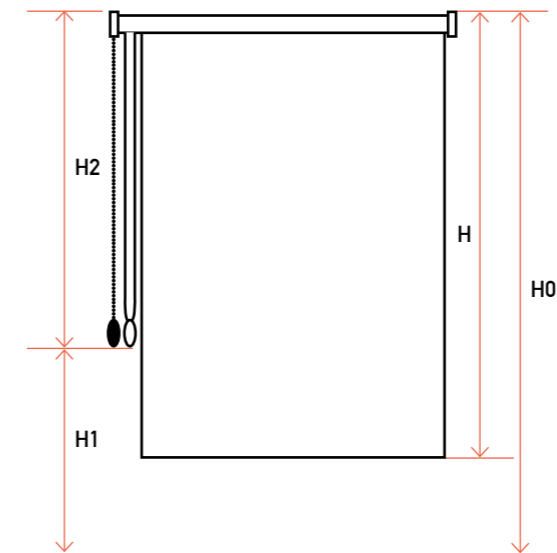

Industrias Murtra S.A so na koncu vsakega sistema vključili različne komponente, ki so potrebne za skladnost s temi novimi standardi.

*Industrias Murtra S.A. has included at the end of each system the different components required to comply with these new standards.*

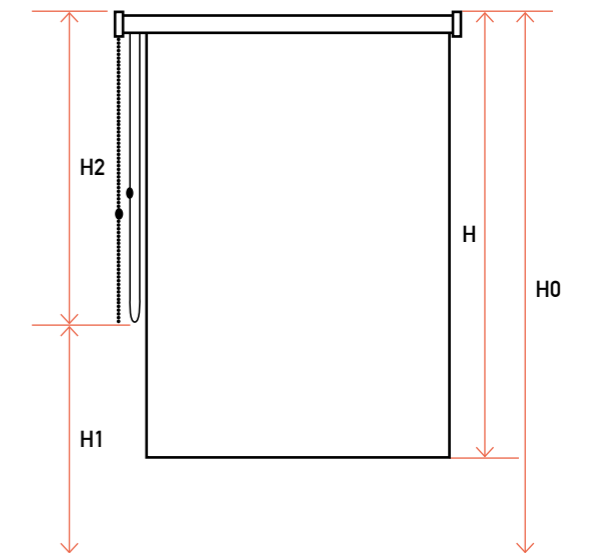

Potrjeno s strani neodvisnega laboratorija.

*Certificated by an independent laboratory.*

CADENA O CORDÓN CON TENSOR CORD OR CHAIN WITH COUNTERWEIGHT

## KIT STANDARD

**VRVICA ALI VERIGA S PROTIUTEŽJO CORD OR CHAIN WITH COUNTERWEIGHT**

VIŠINA BREZ DOLOČIL VGRADNJE.  
HEIGHT WITHOUT INSTALLATION SPECIFY

Če višina namestitve od tal ni znana, je treba upoštevati naslednje meritve.

*If the installation height from the floor is not known, the following measurements have to be taken into account.*

» Če je H večji od 2,5 metra. H2 mora biti 1,5 metra.  
If H is more than 2,5 metres. H2 must be 1,5 metres.

» Če je H manj kot 2,5 metra. H2 mora biti 1 meter.  
If H is less than 2,5 metres. H2 must be 1 metre.

**VRVICA ALI VERIGA BREAKAWAY CORD OR CHAIN WITH BREAKAWAY**

VIŠINA BREZ DOLOČIL VGRADNJE.  
HEIGHT WITHOUT INSTALLATION SPECIFY

Če višina namestitve od tal ni znana, je treba upoštevati naslednje meritve.

*If the installation height from the floor is not known, the following measurements have to be taken into account.*

» H2 mora biti 2/3 H.  
H2 must be 2/3 of H.

## KIT PO NAROČILU. MADE-TO-MEASURE KIT

**VRVICA ALI VERIGA S PROTIUTEŽJO CORD OR CHAIN WITH COUNTERWEIGHT**

VIŠINA Z DOLOČILI VGRADNJE.  
HEIGHT WITH INSTALLATION SPECIFY

Če je višina namestitve od tal znana, je treba upoštevati naslednje meritve.

*If the installation height from the floor is known, the following measurements have to be taken into account.*

» H1 mora biti nameščen 1,5 metra od tal.  
H1 must be installed 1,5 metres from the floor.

**VRVICA ALI VERIGA BREAKAWAY CORD OR CHAIN WITH BREAKAWAY**

VIŠINA Z DOLOČILI VGRADNJE.  
HEIGHT WITH INSTALLATION SPECIFY

Če je višina namestitve od tal znana, je treba upoštevati naslednje meritve.

*If the installation height from the floor is known, the following measurements have to be taken into account.*

» H1 mora biti nameščen 0,6 metra od tal.  
H1 must be installed 0,6 metres from the floor.

# Tehnologija in Storitve

## Technology & Services

*Najboljša novost v motorinih sistemih vodil.*

*Our systems feature motors with advanced technology.*

1 — Impulzna tehnologija: nežno vlečenje zavese z roko aktivira motor (standardna funkcija).

2 — Tihi delovanje motorja.

3 — Možnost nastavitve vmesni položajev.

4 — Vgrajeno krmiljenje v sili s samodejnim odklepanjem v primeru izpada elektrike, ki omogoča ročno odpiranje in zapiranje zaves (standardna funkcija).

5 — Modularni motor: različne module je mogoče povezati za različne možnosti krmiljenja, vključno z radijsko frekvenco, stenskim stikalom, infrardečim vmesnikom, avtomatizacijo doma, avtomatizacijo zgradb / hotelov, serijsko komunikacijo, Z-valom...

6 — Počasen zagon in počasno ustavljanje.

7 — Samodejna prilagoditev in nastavitev končne zaustavitve.

8 — Nastavljiva impulzna tehnologija na dotik: visoka občutljivost, nizka občutljivost in zaustavitev.

1 — *Pulse technology: pulling the curtain gently by hand activates the motor (standard feature).*

2 — *Silent motor.*

3 — *Intermediate positions can be set.*

4 — *Built-in emergency control with automatic unlocking in the event of a power cut, to allow manual opening and closing of the curtains (standard feature).*

5 — *Modular motor: different modules can be connected for different control options, including radio frequency, wall switch, infra-red, home automation, automation of buildings / hotels, communication in series, Z-wave and so on.*

6 — *Slow start and slow stop.*

7 — *Automatic adjustment and setting of end stops.*

8 — *Touch-sensitive adjustable pulse; high sensitivity, low sensitivity and stop.*

*Motorno tradicionalno vodilo za zavese / Motor traditional curtain track*

# AT950

HEAVY DUTY

# Vodilo na motorni pogon AT950

## *Motor Track AT950*

Tih enosmerni motor, 39 decibelov.

Počasen zagon in ustavitev.

Funkcija upravljanja na dotik: Samodejni zagon pri vlečenju blaga.

Ročno upravljana zavesa v primeru izpada elektrike.

Funkcija zaustavitve po upor: Samodejna zaustavitev, ko je tkanina zataknjena v okno ali vrata.

Dostop do Wi-Fi prek enostavne in hitre naprave za prenos povezave.

*Quiet DC motor, 39 decibels.*

*Slow start and stop.*

*Touch control function: Automatic start when pulling the fabric.*

*Hand operated curtain in case of power failure.*

*Stop after resistance function: Automatic stop when the fabric is hooked in window or door.*

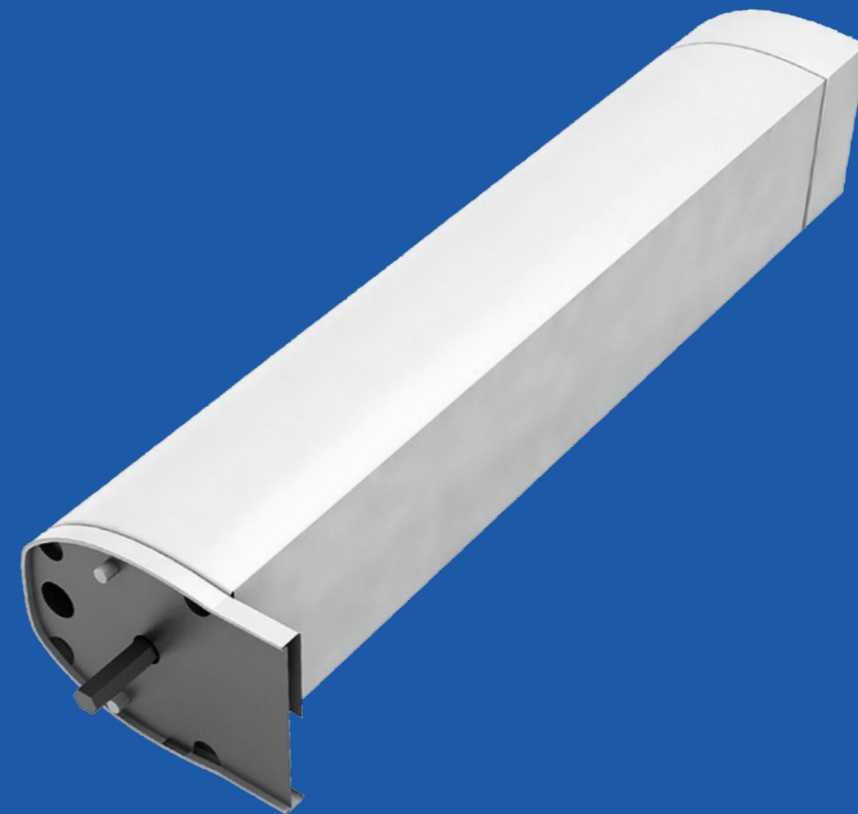

*Wifi access through an easy and fast connection transfer device.*

# AT94X

DUTY / HEAVY DUTY

# Vodilo na motorni pogon AT94X

## Motor Track AT94X

Tiho delovanje motorja.

Počasen zagon in ustavitev.

Funkcija upravljanja na dotik: Samodejni zagon pri vlečenju blaga.

Ročno upravljana zavesa v primeru izpada elektrike.

Funkcija zaustavitve po upor: Samodejna zaustavitev, ko je tkanina zataknjena v okno ali vrata. Samodejno prilagajanje omejitev.

*Quiet motor;*

*Slow start and stop.*

*Touch control function: Automatic start when pulling the fabric.*

*Hand operated curtain in case of power failure.*

*Stop after resistance function: Automatic stop when the fabric is hooked in window or door.*

*Automatic adjustment of limits.*

## AT943

Vgrajen Wifi receptor, enosmerni motor, kompaktna zasnova za nadzor preko APK.  
*Integrated Wifi receptor, DC motor, compact design for APP control.*

Popoln za prozorne zavesе gladkih in ravnih naborov.  
*Perfect for transparent curtains of smooth and straight folds.*

Upravlja se z daljinskim upravljalnikom, stikalom s suhim kontaktom ali wifi.  
*Operated with remote control, dry contact switch or wifi.*

## AT944

Zunanja litijeva baterija 10W porabe med polnjenjem.  
*External lithium battery of 10W consumption during recharging.*

Vgrajen radijski sprejemnik, enosmerni motor, edinstvena kompaktna oblika motorja.  
*Integrated Radio receptor, DC motor, unique compact motor design.*

Popoln za prozorne zavesе gladkih in ravnih gub.  
*Perfect for transparent curtains of smooth and straight folds.*

Upravlja se z daljinskim upravljalnikom ali stikalom s suhim kontaktom.  
*Operated with remote control or dry contact switch.*

Dostop do Wi-Fi prek enostavne in hitre naprave za prenos povezave.  
*Wifi access through an easy and fast connection transfer device.*

## AT945

AC motor in krmiljenje na stikalo  
*AC motor and switch control.*

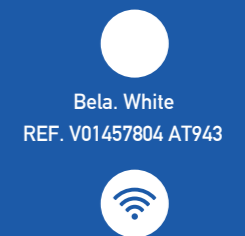

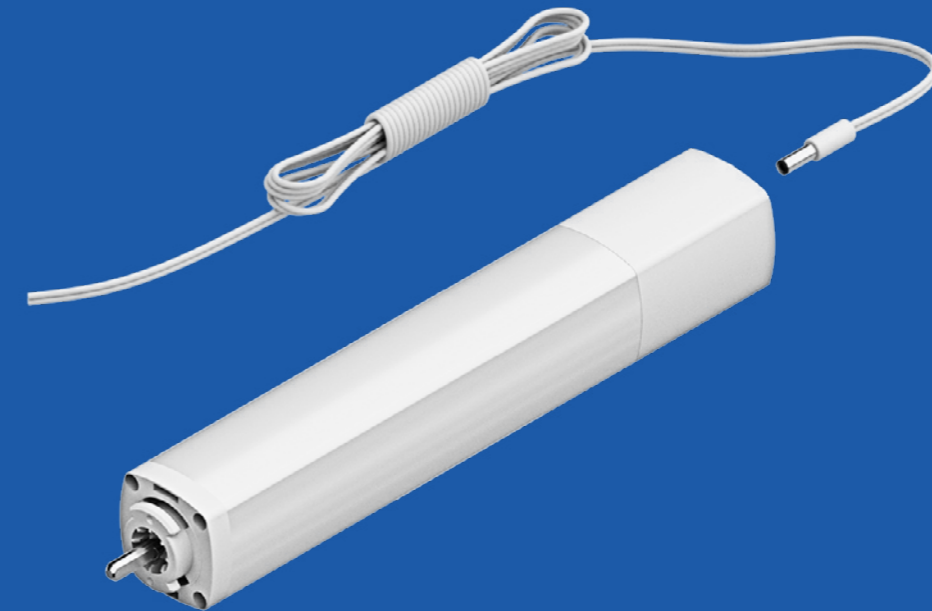

Motoriziran sistem za ravne in ukrivljene težje zavesе.  
*Motorized system for straight and curved curtains.*

Dvojna vmesna zaustavitev. *Two intermediate stops function.* Upravlja se z daljinskim upravljalnikom ali stikalom s suhim kontaktom.  
*Operated with remote control or dry contact switch.*

Dostop do Wi-Fi prek enostavne in hitre naprave za prenos povezave.  
*Wifi access through an easy and fast connection transfer device.*
